

## **REPORT ON THE WORK OF THE FOUNDATION FOR THE PERIOD FROM APRIL 2023 - MARCH 2024**

The Foundation was starting a new page to strengthen our power by consolidating with doctors and sponsors to enrich the activities and regular programs to the public.

With the serving objectives to the community, the Foundation continuous dedicated to make great strides planning for the future – in areas of fund raising and community services to liver health. Though funding and resources continued to be the significant longstop in our operation, the Foundation would never been hinder by any hardship and would strike to intensify our task to serve the community in different dimensions. Especially, the Foundation thanked so much for the tremendous support of our donors and sponsors in this year.

### **I) PUBLIC EDUCATION ACTIVITIES & SERVICES**

#### **1. Liver Donation Campaign**

Being a continuous support and contribution in promoting liver health and organ donation organization, the foundation dedicated to raise people's awareness of "liver donation "save life" concept. Our mission is deemed to remind people the crucial issue whenever chances arose. It is concerns for the interest of the end-stage liver patients who are much undergo liver transplant for survival, is one of our core objective.

#### **2. Hepatitis Vaccination Program**

This is one of our routine services for people of Hong Kong who were to protect themselves against hepatitis A and hepatitis B infection.

a/ 9 participants applied for Hep A - 5 suited for injection & took the service

b/ 104 participants applied for Hep B - 88 suited for injection & took the service.

The administer for the injection was freelance volunteer nurses started from April 2023 which was took place at the Foundation premises.

The injection fees for Hep A & B were :

Hep A – HK\$1,300 (2 doses)

Hep B – HK\$850 (3 doses)

### 3. Production of Health Check Coupons

This is the most welcome benefit to our liver care members. (134 x 2 pcs) health coupons) had been posted out on end June 2023. Numbers of coupons also delivered to the supportive parties – Sun Hing/Mr. KK Yu/Mr. Paul CH/Sunpak Limited the same time. For OCBC was provided through email. The valid date of the said health coupon was from 3 July 2023 to 31 January 2024.

### 4. Fibro Screening program

The In-house Charged Fibroscan Screening Program had been extended for one year (3<sup>rd</sup> contract - from October 2023 to September 2024). The operation was admitted at HKLF office encore and assigned to HKLF staff – Ms. Lilian Leung (Administration Officer) for M & XL probes' operation. XL probe still be provided 'on request' base. The set charged scheduled for the program resumed on 1 October 2023 at HK\$800 for public and HK\$720 offering to our Liver Care members. H&E Committee Chairman - Dr. Lao Wai Cheung was continuously dominated to sign up the referral letters for the above level cases of this program.

The scanned no of participants was 236 in total and the particular details were as below (Apr 2023 to Mar 2024) :
